Year in REVIEW

Community Day

At American First Credit Union, our Annual Community Day epitomizes our dedication to fostering connections and making a positive impact. This past year, we teamed up with Giving Children Hope and sorted 26 pallets of clothing and household products that were distributed to families, non-profits, and schools in need. We also sorted 7,000 comic books and packed 300 backpacks, totaling about 12,000 pounds of nonperishable goods that were delivered to local children and at-risk families. This was an incredibly fulfilling experience that serves as a testament to the strength of our community when we work together.

Commercial Real Estate Success

As we reflect on the remarkable journey of our credit union over the past year, it is with immense pride that we highlight the significant milestones that have defined our success. In 2023, our commitment to fostering economic growth was evident as our Commercial Real Estate department achieved a momentous milestone, surpassing \$1 billion in loans funded. This accomplishment not only solidifies our position as a key partner in the community but also underscores our dedication to supporting businesses and driving economic prosperity. We are proud and honored to share that we recently surpassed a major milestone: \$1 billion dollars in Commercial Real Estate Loan Fundings with Zero Loan Defaults!

Internal Morale Boosting Program

Recognizing the importance of our greatest asset - our dedicated team - we implemented an Internal Morale Boosting program that has proven instrumental in fostering a positive and collaborative work environment. Nurturing the well-being and engagement of our employees has always been a priority, and this program has successfully enhanced team spirit, productivity, and overall job satisfaction. Our belief in the power of a motivated and united workforce remains steadfast.

Equity and Inclusion Honoree

We are thrilled and humbled to share that our credit union has been named as an OCBJ Embracing Diversity, Equity, and Inclusion honoree this past year. At our core, we believe in the power of a workforce where every individual is not only included but celebrated for their unique contributions and perspectives. This recognition reaffirms our commitment to creating an environment where diversity thrives, equity prevails, and inclusion is not just a word but a lived reality.

A New LEADER *is* BORN

Michael Williams, an esteemed leader at American First Credit Union, has been a shining example of leadership and excellence for the past nine years. As he approaches his milestone 10th anniversary in July, we thought it would be great to shed some light on his sources of inspiration, his leadership methods, and what he's looking forward to in the coming years.

As VP of Consumer Lending and now in his expanded role as Senior VP of Consumer Lending & Member Experience, Michael has consistently demonstrated his ability to deliver exceptional results. Rooted in the guiding words of his mother, Christine — “Right action with the right attitude” — Michael has drawn strength from her spiritual influence, shaping his approach to success at every level. For him, success is not merely a destination but a journey marked by the cultivation of positive habits, effective strategies, and continuous learning from other successful individuals. Through his commitment to these principles, Michael has achieved remarkable outcomes and continues to inspire those around him.

Perhaps Michael's greatest strength is that he truly knows and cares about the people he leads. Michael has come to adopt a servant leadership style that prioritizes empathy, humility, and growth for his team members. Through active listening and understanding, he fosters an inclusive environment where every voice matters. By embracing collaboration and valuing the expertise of his team members, he ensures collective ownership and success. Michael is not driven to lead for personal gain or status, he is motivated to empower his fellow associates and foster growth. These guiding principles have naturally called him to become a leader. Michael takes pride in being of service first and a leader second, which has proven an effective approach in driving success at every level, and especially here at American First Credit Union.

Coming off the success of last year, Michael is more motivated than ever to ensure 2024 is a year of significant growth and opportunity with our member service programs. By staying agile, innovative, and member-focused, Michael believes we are well-positioned to capitalize on emerging trends and navigate challenges effectively.

As the credit union continues to grow and thrive, we know Michael will thrive as well, and it is our privilege to have him in such a high-visibility leadership role where he can teach and nourish our next generation of leaders.
