**How We Will Calculate Your Balance:** We use a method called "average daily balance (including new purchases)." For details, see the Account Agreement provided at time of account opening.

**Loss of Introductory APR:** We may end your introductory APR and apply the penalty APR if you fail to make a Total Minimum Payment Due for 60 days.

**Payment Allocation: Payments are allocated to posted balances. You understand and agree that any payment made will generally be applied in the following order: Interest, Fees, Cash Advance and Balance Transfers, and Purchases. Payments will be applied to balances from the previous cycle first. If your account has balances with different APRs, we will allocate the amount of your payment to the highest APR balances first.**

**Penalty Fees:** If your Total Minimum Payment Due is not received within 15 days after your Payment Due Date, a Late Payment Fee of \$15 will be assessed; however, the Late Payment Fee will not exceed the total minimum payment that was due. The Returned Payment Fee will not exceed the total minimum payment that was due.

**Prime Rate:** As published under "Money Rates" in *The Wall Street Journal*. Your rate may vary based on individual creditworthiness and/or underwriting standards.

**Billing Rights:** Information on your rights to dispute transactions and how to exercise those rights is provided in the Account Agreement.
